

Below is the questionnaire for the research journal. Please submit the questionnaire to my e-mail no later than the day of the Final Exam.

Please remember to include either a screenshot of the first page and last page, or a photograph of the journal.

Remember to make your answers detailed. Brief answers will be penalized ten points.

Name:

Number of research days: _____ of 75

Can you estimate how many total words and/or pages you produced while doing the journal? If so, please include an estimate here.

Overall, how did you find the experience of doing the journal? Did you find anything valuable about it? Why, or why not?

Did the journal help improve your overall learning in the course? If so, in what ways? If not, why not?

Did you become curious about any new topics while doing the journal? If so, what were they? Did these lead to any further topics?

Can you see applications that the journal might have for other things you are interested in? What are they?
